FARMVILLE.

This is between seasons—seasonal and business have not been quite so active. With returning sunshine things will revive.

Our merchants were never better prepared to meet the demands of trade. The dry goods stores a re ablaom with novelties and farmers supplies abound; Now for the country customers with fat pocket books. They ought to be fat when we consider the price of fat hens.

The churches of town united recently in a joint service which was held in the auditorium of the Normal school. Each of the pastors took part in the programme and the occasion was one of deep interest. If church members knew each o her better they might love each other more.

Rev. Mr. Pendeu, of Chatham Va., has been here recently looking over the Normal school buildings with a view of getting ideas to be used in the construction of a new school building for his home town. Our Normal buildings will soon receive finishing touches and then we will have something of which the whole state will be justly proud.

Fifteen felony cases for one term of our court is a record breaker. It looks like business for the lawyers but criminals as a general thing are not coupon holders, that is in this section of the country.

A lady friend sent 50 chickens, not the frying variety to Richmond the other day and received a check of more than $20).

I had an interesting conversation with a resident of Wisconsin who has come to the "Sunny South" to get rid of the cold and bask in the sunshine. In reply to an inquiry as to what crops he had been growing in Wisconsin, he said, "potatoes, principally and that he had made as many as 400 bushels to the acre." That sounds big but the picture changed when he told me of the returns on the crop. He sold about one-half the crop of one of his best seasons at eight cents a bushel, and the other half he literally wasted. So that on land valued at $100 an acre the owner realized $16 an acre, while there is'nt a successful tobacco grower in Southside Virginia who does'nt sell $100 worth of tobacco from an acre which is assessed, as a general thing at some $10 an acre. Come South, young men and old men too, for Dixie is the land to live and die in. And they are coming, and it behooves us to give them cordial welcome and fair treatment.

The mad-dog scare has been a-hoot in our town and the canines have fallen thick and fast at the crack of the pistol.

Mr. James M. Venable, one of our rising young business men is developing into a first class farmer as well. His wheat crop of this season is the finest I have seen and gives promise of abundant yield.

Mr. E. E. Hundley, whose farm is just a mile south of our town, and one of the best in the neighborhood, has abandoned the cultivation of tobacco, and will devote himself to grain, grasses and fruits. I predict for him a brilliant future as farmer.

Mr. J. Y. Phillips, who was for so many years one of the leading farmers in Rice neighborhood, since becoming a resident of Farmville has become one of the most active business men and is now joint owner of what was known as the Rice Manufacturing Company.

Cashier Long tells me that notwithstanding the multiplicity of local banks this section over, the First National is doing the best work of its life. No more money in hiding places about our homes, but all of it in banks who will see that it is judiciously circulated. It is called 'circulating medium" and was made to circulate.

The number of travelling men who stay over in our town is on the increase, and the reason is easy of explanation. We have better hotel accomodations and this fact the man on the road soon catches on to.

Capt. S. W. Paulett, "Bob" and who glories in the fact, at one time thought of investing in Norfolk, but is buying some of the best properties on our Main Street and this goes to show that he will stay with us. We can't afford to give him up.

Dr. White's safe key has been found and the contents are in tact. The wretch who knocked him to the ground failed to reap the harvest he hoped for.

Messrs. Watkins & Brock have moved their law offices from the Courthouse basement to the second floor of the Richardson building.

The 'Pride of Farmville' is not without honor among its own people.

The old Blanton homestead which was so damaged by fire recently, was the home during the lifetime of the late C. W. Blanton of the most generous hospitality ever dispensed in the history of Farmville Alas that the noble custom is dying even out of Virginia life.

Of course we are all very much interested in the projected Albemarle and Farmville railroad. Some such shorter line between the North and South has been discussed fo many years past and the wonder i that in this age of rapid transit it has not long since been completed. Our one hope is that no subscription will be asked, as our people are not in a subscribing spirit at this juncture.

C. B. Burhans Testifies after four years.

C. B. Burhans, of Carlisle Center N. Y. writes: "About four years ago I wrote you that I had been entirely cured of a severe kidney trouble by taking less two bottles of Foleys Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of Kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or blatter trouble."

Champion Liniment for Rheumatism.

Chas. Drake, a mail carrier at Chagaville, Con., says: Chamberlain's Pain Balm is the champion of all liniments. The past year I was troubled a great deal with rheumatism in my shoulder. After trying several cures the store keeper here reccomended this remedy and it completely cured me. There is no use of anyone suffering from this painful ailment when this liniment can be obtained for such a small sum. One application gives prompt relief and its continued use for a short time will produce a permanent cure.

THE FLIGHT OF TIME.

Time in his royal chariot,
Our earth's bietwey rolls on;
Nor baits its onward, rushing speed,
To wait for the careless throng.

The sweet babe upon its mother's breast,
In confidence now lies:
Unconscious of the speed of time,
Which so swiftly past him flies.

But the babe of yesterday which we saw,
Is today become a man,
And the distance now between them,
Is the space of only a span.

Time's chariot wheels roll on,
The careless throng is passed;
The man now bent with toil and care,
Sinks down to die at last.

His life was full of toil and pain,
And like his master, he was poor;
But he enters now the pearly gate,
Where they hunger and thirst never more.

May our days and years be filled with deeds,
Lost souls back to Christ may we bring:
And when our time on earth shall cease,
Our life in heaven shall then begin.

May time then be to us a trust,
And when we the trust lay down;
May from the hands of Christ our Lord,
Receive a star-bright crown.

P. M. BELL

Buckingham.

It seeme that a general strike of coal miners is imminent and it is estimated that 225,000 miners will go out if the strike ig ordered. Already Virginia laborers in the coal mines are laying plans to secure work in other branches of industry, should the strike occur, and I am told by an intelligent man in close touch with the situation that the coal operators want a strike to take place, as they have a large quantity of coal already mined, which they can sell at high prices if a general strike occurs. A few Buckingham negroes would return to their homes and re-engage in farming.

Under the provisions of the new school law $200,000 more will be expended annually on the rural schools than they had this year and now the School Boards should see to it that first class high schools are established in each district, and where they have no money for building suitable houses, the State will loan the required amount at 4 per cent.

Mrs. Fitzgerald has moved back to her home near Mount Vinco and one of her daughters is attending the high school here.

Mrs. Amelia Powers, of Richmond, is now so ill here some months ago, has recovered and expects to return to this place to resume her music teaching.

There is a fine chance for some independent 'phone company to build a line in several parts of this county, as the companies now operating in here do not seem disposed to extend their lines. I live only a half mile from our line and have offered repeatedly to pay the rent if a 'phone was put in for me, but they have failed so far to accommodate me. The Antrims, Langhorns, Glovers, Pattesons and many others want 'phone connection but so far have not secured it

Mr. J. H. Clarkson of Augusta county was here a few days last week and brought a lot of good horses and young mules for sale.

Mr. J. H. Fitzgerald is very much improved in health but is still confined to his house with rheumatism.

Miss Caroline Housewright continues very ill at Mrs. Pratt's home.

Some planters report tobacco plants up and some had their tobacco beds badly washed by the storm of a few weeks ago. Oats sowed in February are just up now, but are looking well.

Mrs. B. M. Swoope has treated her house to a new coat of paint.

Mr. Lewis Williams, our popular deputy sheriff has moved to the village.

Mr. Frank H. Spencer is putting up a lot of wire fencing on the land lately purchased of I. N. Snoddy.

The officers of the Buckingham Bank report business as being better than they had anticipated.

The medical association of Buckingham has changed its ruling so that physicians now make no extra charge for mileage unle s the distance exceeds ten miles. It seems reasonable that they should get $2 for a visit if they have to travel more than ten miles.

The readers of this paper might use one column as a medium of exchange, ladies and children to swop flower and garden seed, bed quilt pieces &c and men could swop more valuable things. Write the editor and try the scheme.

[Thanks for the suggestion. We appoint our Buckingham correspondent editor-in-chief of this department, and respectfully advise a post graduate course in botany first. —Ed.]

Manteo.

Dr. T. H. Lacy gave us one of the best sermons we ever heard him deliver, at Grace church Sunday evening, March 18th.

Mrs. Mary G. Boatwright has been spending some time with her sister, Mrs. J. C. Woodson, of Rivermont, Lynchburg.

Mr. S. B. Gibson is getting out some very fine samples of Buckingham slate from the hills of his fine river farm "Manteo" and we understand the farm may be for sale later.

Mrs. A. F. Brady of Howardsville, is spending some time with relatives in Wheeling, W. Va.

Rev. W. P. Province will hold services at Woodland Sunday, March 25th as he has changed his appointment to the 4th Sunday.

Hon. H. D. Flood seems to be remembering his many friends with garden and flower seed.

Your last letter from Red House was fine. We always look forward to them and hope Miss Carline will continue to amuse us.

Miss Kate Boatwright will spend the month of April with Miss Davis, West Clay Street, Richmond.

The prospect for wheat and oats seems fine and most of our farmers are well advanced in their plowing for corn and tobacco.

There seems to be a good demand for all "the Wilks trotting horses." We understand Mr. John Glover has refused $175 for a four year old one and says it will take $200 to get her. Farmers' times surely are better.

On Monday Miss Sidnor Steger, at the close of her school gave an enjoyable entertainment at the school house. A musical was given which was enjoyed by the pupils. A photograph was taken of the entire school. There was a large crowd assembled and Rev. W. P. Province addressed the school. After the close of the exercises refreshments were served. Miss Steger received many presents from her pupils. She was liked by all and we wish her a pleasant vacation and hope to have her again next year.

Resolutions of Respect.

Whereas in the providence of an unerring God, brother Charles H. Coleman has been "called from labor to refreshments" and his account now rests with the Judge of all flesh and his presence among us will never again be enjoyed by the members of Andersonville Lodge No. 242, of A. F. & A. M. Therefore be it resolved by the said Lodge

1st That in the sad death of brother Coleman Andersonville Lodge loses a faithful and zealous Mason But we humbly submit to the decrees of him who is too wise to err and too good to be unkind."

2nd That we extend to his family our sincere sympathy in this, their time of sore bereavement, and assure them of our sincere belief that on account of his conspicuous and faithful christian character, he is now at peace with his Lord.

3rd That a copy of these resolutions be spread upon the minutes of Andersonville Lodge and a copy sent to the Appomattox and Buckingham TIMES for publication, and a copy be sent to his family.

The Quarterly Meeting which was to have met at Hermon church must have received an unexpected check. That enjoyable and practical sermon by Dr. Reed was not enjoyed by many I fear, and those delicious viands must have remained at home, judging from the downfall of the feathery element. This scribe was dis appointed.

Miss Jean Taylor is now teaching the school near Bent Creek. She boards in the pleasant home of Mrs. Mary Dixon.

Your correspondent had the pleasure of witnessing the most exciting fox chase recently, that was ever seen. The indefatigable fox, after making a circuit of several miles through the deep snow returned to this barn three different times, and was finally captured by Mr. Hunter Moore's dog near our front gate. I am not surprised at the infatuation the sport has for so many of the male sex.

Most of our farmers have finished selling tobacco. A great deal of fallowing has been done. Labor is exceedingly scarce.

"Mothers buy it for croupy children, railroad men buy it for severe coughs and elderly people buy it for a grippe," say Moore Bros., Eldon, Iowa. "We sell more of Chamberlain's Cough Remedy than any other kind. It seems to have taken the lead over several other good brands." There is no question but this medicine is the best that can be procured for coughs and colds, whether it be a child or an adult that is afflicted. It always cures and cures quickly.
